## SUBJECT LISTING

### Inventory Management, Planning, and Control

AUCAMP, Donald C., "The Evaluation of Safety Stock," Second Quarter, pp. 126-132.
DEXTER, Lee, "Inventory Signals: Some Analogies," First Quarter, pp. 139-143.
DILLAVOU, John R., "Controlling Bulk Issues in an MRP Environment," Second Quarter, pp. 119-125.
FIORA, Christopher R. and PITZER, James L. , "An Inventory Management Tool for a Basic Industry," First Quarter, pp. 108-114.
HOROWITZ, Abraham D. and DAGANZO, Carlos F., "A Graphical Method for Optimizing a Continuous Review Inventory System," Fourth Quarter, pp. 30-45.
MOREY, Richard C., "Determining Optimal Cycle Count Frequency," First Quarter, pp. 66-74.
WOOLSEY, Robert E.D. and LIENERT, Charles E., "Ordering Inventory When the Forecast is Ridiculous," First Quarter, pp. 144-149.
WOOLSEY, Robert E.D. and GREENING, Doran, "A Nomograph for Ordering Inventory When the Forecast is Ridiculous," Fourth Quarter, pp. 128-133.

### Production Planning, Control, and Scheduling

GILBERT, James P. and WINTER, Peter J., "Flexible Manufacturing Systems: Technology and Advantages," Fourth Quarter, pp. 53-60.
HO, Chrwan-jyh, CARTER, Phillip L., MELNYK, Steven A., and NARASIMHAN, Ram, "Quantity versus Timing Change in Open Order: A Critical Evaluation," First Quarter, pp. 122-137.
LUNDRIGAN, Robert, "What is This Thing Called OPT?" Second Quarter, pp. 2-12.
MARUCHECK, Ann S. and McCLELLAND, Marilyn K., "Strategic Issues in Make-to-order Manufacturing," Second Quarter, pp. 82-96.
MATHER, Hal F., "Design, Bills of Materials, and Forecasting—The Inseparable Threesome," First Quarter, pp. 90-107.
MELETON, Marcus P., Jr., "OPT—Fantasy or Breakthrough?" Second Quarter, pp. 13-21.
MELNYK, Steven A., VICKERY, Shawnee K., and CARTER, Phillip L., "Scheduling, Sequencing, and Dispatching: Alternative Perspectives," Second Quarter, pp. 58-68.
OAKLAND, John S., LOCKYER, Keith G., and SOHAL, Amrik, "The Incident Case Study in Teaching Production Control," Second Quarter, pp. 48-57.

PLENERT, Gerhard and BEST, Thomas D., "MRP, JIT, or OPT, What's 'Best'?" Second Quarter, pp. 22-29.
RAND, Graham K., "Production Planning of Many Seasonal Products on Many Lines," Second Quarter, pp. 69-81.
SNADER, Kenneth R., "Flexible Manufacturing Systems: An Industry Overview," Fourth Quarter, pp. 1-9.
SOUTH, John B. and STEWART, Robert J., " A 50% Increase in Lot Size and Planned Manufacturing Lead Time with No Increase in Work-in-Process Inventory," First Quarter, pp. 19-27.
SWANN, Don, "Using MRP for Optimized Schedules (Emulating OPT)," Second Quarter, pp. 30-37.
